SUMMARY

B.Tech Information Technology student at Birla Vishvakarma Mahavidyalaya with hands-on experience in MERN stack development through real-world projects. Built full-stack web applications for over 1600 users, such as a tech fest management system and a home services platform. Passionate about developing scalable web applications and constantly seeking to enhance problem-solving abilities.

EDUCATION

Birla Vishvakarma Mahavidyalaya <i>B.Tech – Information Technology</i>	Aug. 2023 – Present — Anand, Gujarat <i>CPI: 8.36 / 10</i>
B.N. Virani Higher Secondary School <i>Higher Secondary (Class XII)</i>	2021 – 2023 — Bhavnagar, Gujarat <i>Percentage: 71.84%</i>
Shree Swaminarayan High School <i>Secondary (Class X)</i>	2020 – 2021 — Bhavnagar, Gujarat <i>Percentage: 88.5%</i>

PROJECTS

UDAAN'26 Tech Fest Platform Live Demo <i>React, Node.js, Express.js, MongoDB</i>	2026
- Designed and developed a full-stack event management platform serving over 1,600 users and 2,800 registrations. - Managed registrations generating Rs.99,240+ in revenue through online and offline payment tracking. - Built dashboards for event management, user tracking, and analytics of 950+ participants. - Optimized performance and UI for handling high traffic during live event registrations.	
SmartFix – Home Services Platform GitHub Repository <i>React, Node.js, Express.js, MongoDB</i>	2026
- Built a full-stack MERN application connecting customers with local home service professionals. - Implemented JWT authentication and role-based access control for customer, worker, and admin modules. - Implemented booking, worker approval, review, and rating features using MongoDB and Express.js. - Designed responsive user interfaces using React, Tailwind CSS, and REST API integration.	
AskBVM – AI College Assistant GitHub Repository <i>JavaScript, LangChain, Ollama, FAISS</i>	2026
- Created frontend components for an AI-powered college assistant chatbot. - Built responsive chat UI using HTML, CSS, and JavaScript with mobile support. - Explored LangChain, FAISS vector search, and web scraping concepts.	

VOLUNTEER

Developer Head – UDAAN'26 Tech Fest <i>BVM, Anand</i>	2026
Led the development of the official tech fest website and coordinated technical operations for the event.	
Web Development Team Member – TSA <i>BVM, Anand</i>	Oct. 2023 – Sep. 2025
Contributed to student web development projects and collaborated with the team on technical initiatives.	
Branch Representative – GeeksforGeeks Student Chapter <i>BVM, Anand</i>	Sep. 2024 – Aug. 2025
Organized coding events and promoted technical learning among students.
